By design the Centre is conceptualised to serve as the nucleus of technology, enterpreneural innovation, internal revenue generating measures as well as skills acquisition scheme in the College.

It is also charged with the responsibility of identifying unit/departments where ideas can be developed, incubated and translated into practical actions/tangible results.

Also, the Centre is to help units/departments in the College create an environment & cultivate a culture that may lead to greater awareness of the prospects of individuals working as a team of entrepreneurs.

The Centre is to also scrutinize proposals from units/departments and recommend award winning ones to the Provost. It will also monitor project and facilitate effective implementations of business plans and to come up with objective criteria for evaluation of revenue/programmes, to be introduced in the College.

However, the members of the new Board are equally charged with the responsibility

of coming up with designs, implementations plans, programmes and policies in its entirety, for the take-off of the Centre.

Here is wishing the entire board members a successful tenure of office.
